

Sourav Poddar

📍 **Home** : Schlüterweg 2, 44799, Bochum, Germany

✉ **Email**: souravpoddar2011@gmail.com 📞 **Phone**: (+49) 01782122383

Date of birth: 13/12/1995 **Place of birth**: Bochum **Nationality**: Bangladeshi

ABOUT ME

Motivated data science master's student with hands-on experience in data analysis, statistical modeling, system support, and operational processes. Skilled in Python, R, Power BI, SQL, and modern machine-learning techniques. Strong analytical mindset, structured working style, and excellent teamwork abilities. Seeking opportunities in Data Science, Analytics, or Business Intelligence.

WORK EXPERIENCE

Picnic Technologies GmbH

City: Herne | **Country**: Germany

[26/04/2023 – 15/01/2025]

Working Student- Warehouse Assistant

- Ensured food quality by adhering to German standards.
- Supported picking, inventory handling, and warehouse operations.
- Collaborated with cross-functional teams to optimize workflows and customer satisfaction.

Sky Tracker Ltd

City: Dhaka | **Country**: Bangladesh

[01/09/2018 – 30/09/2020]

System Support Engineer

- Analyzed requirements and supported the design of complex web applications.
- Managed local servers, network operations, and technical troubleshooting.
- Assisted the digital marketing team with promotional content creation.
- Supported operational data needs and conducted interviews for recruitment.

EDUCATION AND TRAINING

[01/10/2022 – Current]

MSc. Data Science

Technische Universität Dortmund (TU Dortmund) <https://www.tu-dortmund.de/>

City: Dortmund | **Country**: Germany |

[13/01/2015 – 01/09/2018]

B.Sc. Computer Science and Engineering(CSE)

American International University - Bangladesh (AIUB) <https://www.aiub.edu/>

City: Dhaka | **Country**: Bangladesh |

PROJECTS

[25/06/2025 – 14/07/2025]

Contingency Tables – Aspirin & Heart Attack Risk (RCT Analysis)

- Calculated Risk Ratio, Odds Ratio, Confidence Intervals, and NNT.
- Conducted Chi-Square and Fisher's Exact Tests.
- Performed stratified analysis for smokers and non-smokers.

Link: <https://github.com/Sourav2011/Aspirin-Contingency-Tables-Project>

[17/05/2025 – 20/06/2025] **Comparison of K Distributions – Ants on the Picnic Blanket (ANOVA Project)**

- Performed One-Way and Two-Way ANOVA, Levene’s Test, and Shapiro-Wilk Test.
- Identified significant factors influencing ant attraction.
- **Result:** Statistically confirmed that topping and butter are significant factors, while bread type is not.

Link: <https://github.com/Sourav2011/ANOVA-Ants-Picnic-Project>

[10/04/2025 – 12/05/2025] **Descriptive Data Analysis – World Happiness Report (2008–2018)**

- Identified global well-being trends: Calculated **Pearson correlations** and **Gini Index** to measure inequality.
- Compared Germany, China, and Hong Kong across key happiness metrics.
- **Result:** Identified Log GDP, social support, and health as strongest correlates of national life satisfaction.

Link: <https://github.com/Sourav2011/Descriptive-Analysis-World-Happiness->

[15/11/2024 – 15/03/2025] **The Impact of International Shipping on Product Ratings: A Bayesian Analysis**

- Analyzed how international shipping affects customer satisfaction by modeling product ratings using **Bayesian ordinal regression**.
- Integrated **hierarchical modeling** to account for buyer demographics (gender, age) and product categories.
- Utilized **Leave-One-Out (LOO) cross-validation** for model validation and conducted **prior sensitivity analysis**.
- Focused on the impact of shipping delays, costs, and customs on customer behavior, providing actionable insights for online retailers.
- Developed a complete data analysis pipeline: data cleaning, model fitting, model diagnostics, comparison, and summarization.

Link: <https://github.com/Sourav2011/Applied-Bayesian-Data-Analysis-Project>

[11/10/2017 – 08/11/2017] **2D Computer Graphics Game – “Space Shooter”**

Developed a 2D computer graphics-based alien shooter game with multi-threaded enemy movements

Link: https://github.com/Sourav2011/Space_Shooter

UNDERGRADUATE THESIS

[01/05/2018 – 14/09/2018] **"Convergence of Internet of Things (IoT) & Block-Chain Technology"**

- Researched how IoT devices and blockchain can integrate to enhance secure data storage.
- Focused on cryptographic techniques, secure data self-destruction, and privacy protection.

LANGUAGE SKILLS

Mother tongue(s): Bengali

Other language(s):

English

LISTENING B2 **READING** B2 **WRITING** B2

SPOKEN PRODUCTION B2 **SPOKEN INTERACTION** B2

German

LISTENING A1 **READING** A1 **WRITING** A1

SPOKEN PRODUCTION A2 **SPOKEN INTERACTION** A1

SKILLS

Power BI/Power Pivot | Photoshop And Figma | AutoCAD: Intermediate | IDE: Eclipse, Visual Studio, Visual Studio Code, PyCharm, Dev C++ | Data Gathering, Data Processing, Data Visualization, Data Analysis | Databases (MySQL, PostgreSQL, Oracle) | Linux (Terminal Commands, Bash/Shell) | Python with Machine Learning modules | R | work as a team | LaTeX | Bayesian Modeling | ANOVA | Microsoft Office

HOBBIES AND INTERESTS

Activities

- Personal hobbies (Stamp Collecting, badminton)
- Professional interests (data science, statistics, ML, data visualization, technology, team collaboration, problem-solving, and analytical thinking).
